# CAMPGROUND RESERVATIONS MADE SIMPLE

Built for campground owners. Made by RVers.

# BUILT ALONGSIDE CAMPGROUND OPERATORS.

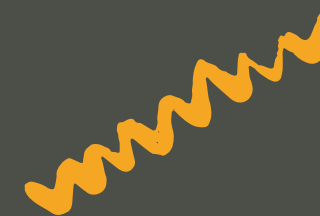

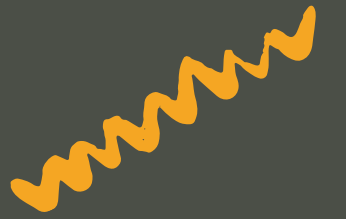

Sometimes businesses are created by people who don't know anything about the industry.

In the case of CampgroundBooking, it was not only founded by RVers, but we spent many days in the front office of campgrounds while building our software.

Our goal wasn't to guess what "might be useful" to campground owners, but to talk with them directly to find out exactly what they wanted in their ideal solution.

The result is a reservation system with all the features parks actually need to run their campground, without all the additional stuff thrown in by someone who doesn't understand the business.

# WHY USE CAMPGROUNDBOOKING?

## **It's completely free for campgrounds.**

We don't charge any set up or monthly fees and you keep all your booking revenue (yes, seriously).
